

NORTH AFRICA

Dates: June 16-29, 2019

Deadline to Register - March 1, 2019

Join this exciting team as they travel in North Africa providing medical care for children with disabilities. The team will come alongside our OCC ministry partners who run centers to reach out and help those children with disabilities. Our partners there would greatly welcome anyone in the medical profession that might have a heart for these children and be able to assess their medical needs and offer any support. There is also plenty of opportunity to equip and train caregivers as well. Not only will the team be able to provide medical assistance, but will also be able to encourage workers as we visit the various ministries around the country. This will be an excellent opportunity for exposure to Muslim ministry and you will surely walk away with a greater vision for the world around us! **(Special need for Occupational and Physical Therapists!)**
