

PERU MEDICAL MISSION

November 2-11, 2019

Deadline to Register - July 1, 2019

Join this dynamic team as they venture to the city of Tacna, located at the southwestern tip of Peru, in the desert region just 22 miles from the Chilean border. Here we will come alongside our partner, IAM www.iamweb.org, who are doing some amazing ministry in this city. There are three growing churches in Tacna who have a vision to bless their community with ongoing, quality, and affordable healthcare. Healthcare in their area is unreliable and expensive, therefore many medical needs go unmet. In early 2020, they plan to open a permanent health clinic, but in the meantime could use a team to help catalyze this vision by offering general health screenings & check-ups in several locations throughout the city. A medical team from Overlake came last year and had a tremendous impact on the churches and community. Some wonderful relationships were formed as well and we look forward to continuing to nurture those friendships.

MEDICAL MINISTRY: The team will help offer general health screenings, check-ups, medicines and minor procedures (ex. wart/mole removal) in several locations throughout the city. The clinic will be open for all ages. **We are seeking doctors, pediatricians, nurses, physical therapists, dermatologists, chiropractors, pharmacists, optometrists, and dentists** just to name a few. Let us know your expertise and I am sure we can put you to work!

ACCOMMODATIONS & FOOD

The team will be staying in the homes of Peruvian families who are very active in their church or in the home of an IAM worker. They are a very loving people and will be honored to have visitors in their homes. The host family experience is usually one of the highlights of the entire trip! The food in Peru is wonderful and will be prepared for you with love by the women of the church, your host families, or in restaurants.

FUNDRAISING

We encourage team participants to do personal support raising to pay for the cost of the trip. You will be guided on how to do this in our training meetings, but if you already have some ideas, go ahead and start now!

TEAM LEADER

Barb Cryderman- Greggandbarb@reagan.com As a child my dream was to be a nurse in the mission field. After raising 3 children I am finally getting my dream filled. Last year I got to lead my first medical mission to Peru and I can't wait to bring another team back! I have also been on trips to Haiti, Honduras, and Kenya. I can't wait to lead you through an unforgettable experience of meeting medical needs as well as meeting other needs!
