

THAILAND TRAFFICKING PREVENTION

Dates: July 6-19, 2019

Deadline to Register - March 1, 2019

Do you love helping hearts heal? Do you enjoy training or teaching people around life skills? Do you care about the trafficking issues in SE Asia? This trip might just be for you. During this trip, we still stay in the city of Pattaya, where we will be serving with our OCC partners, Not Abandoned, at their "Employment Education Center". At the center our team will offer classes during the day to women who are currently trafficked into the sex industry. The girls so appreciate any job skills training offered that might help them get jobs outside of the sex industry.

In the evening, the team will participate in evening relational outreach with women working in the bars. This is an opportunity to build relationships with the women and let them know that someone does care for them. It is also an opportunity to let them know of the services available to them at the Educational Center.

This trip will move and break your heart in ways you never imagined, but your touch of love will always be remembered in the lives of these young girls.
